Your withholding rate is determined by the type of payment you will receive.

For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% below. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its possessions. (See the *Withholding Instructions for more information.*)

Complete this section if you would like a rate of withholding that is different from the default withholding rate. See the instructions and the Marginal Rate Tables that follow for additional information. Enter the rate as a whole number (no decimals).

RULES AND CONDITIONS APPLICABLE TO BENEFICIARY REQUIRED ELECTIONS

The IRA beneficiary election rules are often complex. The general rules are listed below. If you have questions regarding an election, consult with a competent tax professional or refer to IRS Publication 590-B, *Distributions from Individual Retirement Arrangements (IRAs)*, for more information. This publication is available on the IRS website at www.irs.gov or by calling 1-800-TAX-FORM.

Beneficiary options depend on the type of beneficiary you are (spouse, nonspouse, or other) and the timing of the death of the original IRA owner (before, or on or after, the required beginning date).

RMD Age. If the original IRA owner was born before July 1, 1949, then the original IRA owner's RMD age is age 70½. If the original IRA owner was born on or after July 1, 1949, but before January 1, 1951, then the original IRA owner's RMD age is age 72. If the original IRA owner was born on or after January 1, 1951, then the original IRA owner's RMD age is age 73.

Required Beginning Date. The required beginning date is April 1 of the year following the year the original IRA owner attained RMD age.

INHERITED ROTH IRA

A beneficiary generally must make an election by December 31 of the year following the year of the original Roth IRA owner's death. A spouse beneficiary must make an election by the earlier of December 31 of the fifth year after the original owner's death, or December 31 of the year the original Roth IRA owner would have attained RMD age.

Total Distribution. Any beneficiary may elect to receive a total distribution of the Roth IRA balance.

Transfer to an Inherited Roth IRA. Any beneficiary may transfer the assets directly into an inherited Roth IRA with another IRA trustee or custodian. You may be required to establish an inherited Roth IRA to accept the assets. You are responsible for making a required election for the inherited Roth IRA assets and for receiving the applicable distribution by the deadline.

Roll Over or Transfer to my Own Roth IRA (Spouse beneficiary only). Spouse beneficiaries have the option of rolling over the distribution into their own Roth IRA. Spouse beneficiaries, who are the sole beneficiary of a Roth IRA may transfer the original Roth IRA owner's Roth IRA into their own Roth IRA.

Payments Over Five Years. The entire amount must be distributed by December 31 of the fifth year after the original Roth IRA owner's death.

Life Expectancy Payments. Distributions generally are taken over the beneficiary's life expectancy. A nonspouse beneficiary must begin distributions by December 31 of the year following the year of the original Roth IRA owner's death. A spouse beneficiary may delay payments until the year the original Roth IRA owner would have attained RMD age.

INHERITED TRADITIONAL IRA

Available When Original IRA Owner Died Before the Required Beginning Date

A beneficiary generally must make an election by December 31 of the year following the year of the original IRA owner's death. A spouse beneficiary must make an election by the earlier of December 31 of the fifth year after the original owner's death, or December 31 of the year the original IRA owner would have attained RMD age.

Total Distribution. Any beneficiary may elect to receive a total distribution of the IRA balance.

Transfer to an Inherited IRA. Any beneficiary may transfer the assets directly into an inherited IRA with another IRA trustee or custodian. You may be required to establish an inherited IRA to accept the assets. You are responsible for making a required election for the inherited IRA assets and for receiving the applicable distribution by the deadline.

Roll Over or Transfer to my Own IRA (Spouse beneficiary only). Spouse beneficiaries have the option of rolling over the distribution into their own IRA. Spouse beneficiaries, who are the sole beneficiary of an IRA may transfer the original IRA owner's IRA into their own IRA.

Payments Over Five Years. The entire amount must be distributed by December 31 of the fifth year after the original IRA owner's death.

Life Expectancy Payments. Distributions generally are taken over the beneficiary's life expectancy. A nonspouse beneficiary must begin distributions by December 31 of the year following the year of the original IRA owner's death. A spouse beneficiary may delay payments until the year the original IRA owner would have attained RMD age, if that date is later than the year following the year of death.

Available When Original IRA Owner Died On or After the Required Beginning Date

A beneficiary generally must make an election by December 31 of the year following the year of the original IRA owner's death.

WITHHOLDING INSTRUCTIONS (Form W-4R/OMB No. 1545-0074)

General Instructions

Section references are to the Internal Revenue Code.

Future developments. For the latest information about any future developments related to Form W-4R, such as legislation enacted after it was published, go to www.irs.gov/FormW4R.

Purpose of form. Complete Form W-4R to have payers withhold the correct amount of federal income tax from your nonperiodic payment or eligible rollover distribution from an employer retirement plan, annuity (including a commercial annuity), or individual retirement arrangement (IRA). See below for the rules and options that are available for each type of payment. Don't use Form W-4R for periodic payments (payments made in installments at regular intervals over a period of more than 1 year) from these plans or arrangements. Instead, use Form W-4P, *Withholding Certificate for Periodic Pension or Annuity Payments*. For more information on withholding, see Pub. 505, *Tax Withholding and Estimated Tax*.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. Your withholding choice (or an election not to have withholding on a nonperiodic payment) will generally apply to any future payment from the same plan or IRA. Submit a new Form W-4R if you want to change your election.

Nonperiodic payments—10% withholding. Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments **unless** you enter a different rate in the Withholding Election section. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld by entering “-0-” in the Withholding Election section. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its territories.

NOTE: If you don't give Form W-4R to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of the payment for federal income tax and can't honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2023, your current withholding election (or your default rate) remains in effect unless you submit a Form W-4R.

Payments to nonresident aliens and foreign estates. Do not use Form W-4R. See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*, and Pub. 519, *U.S. Tax Guide for Aliens*, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter “-0-” in the Withholding Election section. See Pub. 3920, *Tax Relief for Victims of Terrorist Attacks*, for more details.

2023 Marginal Rate Tables

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See the instructions for more information on how to use this table.

Specific Instructions

Withholding Election

More withholding. If you want more than the default rate withheld from your payment, you may enter a higher rate in the Withholding Election section.

Less withholding (nonperiodic payments only). If permitted, you may enter a lower rate in the Withholding Election section (including “-0-”) if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter “-0-”.

Suggestion for determining withholding. Consider using the Marginal Rate Tables above to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate in the Withholding Election section. (See Example 1 below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate in the Withholding Election section. (See Example 2 below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate in the Withholding Election section.

Examples. Assume the following facts for Examples 1 and 2. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$60,000 without the payment. Step 1: Because your total income without the payment, \$60,000, is greater than \$58,575 but less than \$109,225, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$80,000, is greater than \$58,575 but less than \$109,225, the corresponding rate is 22%. Because these two rates are the same, enter "22" in the Withholding Election section.

Example 2. You expect your total income to be \$42,500 without the payment. Step 1: Because your total income without the payment, \$42,500, is greater than \$24,850 but less than \$58,575, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$62,500, is greater than \$58,575 but less than \$109,225, the corresponding rate is 22%. The two rates differ. \$16,075 of the \$20,000 payment is in the lower bracket (\$58,575 less your total income of \$42,500 without the payment), and \$3,925 is in the higher bracket (\$20,000 less the \$16,075 that is in the lower bracket). Multiply \$16,075 by 12% to get \$1,929. Multiply \$3,925 by 22% to get \$863.50. The sum of these two amounts is \$2,792.50. This is the estimated tax on your payment. This amount corresponds to 14% of the \$20,000 payment (\$2,792.50 divided by \$20,000). Enter "14" in the Withholding Election section.
