

Use Payday to Save for Someday

A simple way to save regularly for a child's higher education

What is a NEST 529 College Savings Plan?

A NEST 529 College Savings Plan provides investors a tax-advantaged way to save for a child's higher education. Assets in a NEST account can be used at most community colleges, technical schools, universities, colleges and graduate schools nationwide, and some abroad. For more information about NEST, go to NEST529Direct.com or speak to your financial advisor.

It's Easy to Invest in NEST to Save for College

Once your direct deposit is set up, your money is automatically deposited into your NEST 529 College Savings account. There are no contribution minimums, and you can change or stop the direct deposit at any time by contacting your employer.

How NEST Payroll Direct Deposit Works

Contributions are made with after-tax dollars using your company's existing ACH direct deposit process.

1. Establish Direct Deposit into Your NEST Account(s)

- If you do not have an account, follow the steps below to open an account or contact your financial advisor

If You're Opening a NEST Direct Account:

- » Visit NEST529Direct.com, select "Enroll Now" and follow the steps to open an account
- » While completing the "Funding Your Account" section, select "Payroll Deduction" and enter your payroll deduction information
- » Print out the pre-filled Payroll Deduction Instructions page to give to your employer to process your request
- » If you open an account with a paper form, the Payroll Direct Deposit Confirmation Form will be mailed to you

- If you are an existing account owner: log in to your account, select "Asset Management," and then select "Payroll Direct Deposit." You can then complete the information and print out the Payroll Direct Deposit Confirmation Form

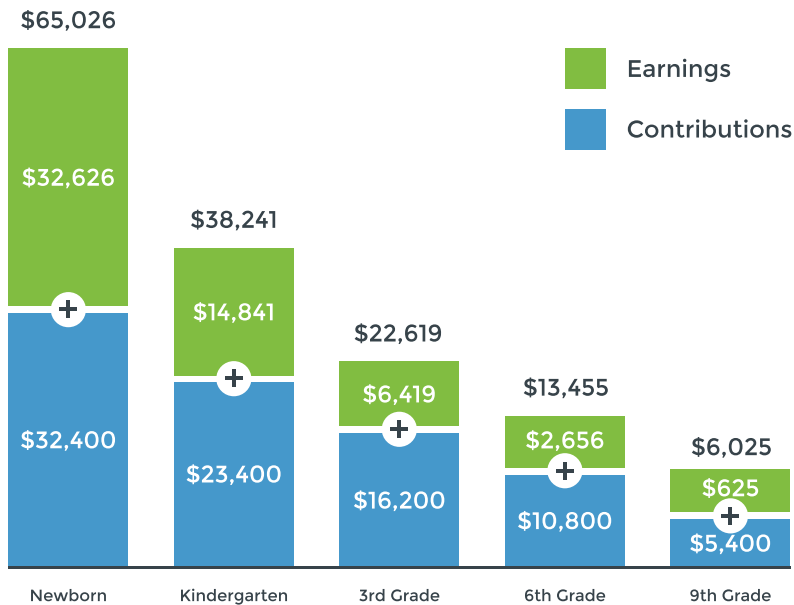

2. Notify Your Employer

Using your employer's process, notify your employer of the NEST payroll direct deposit information from the payroll form you printed or received by mail. Once the information is entered into your employer's payroll system, your direct deposit will automatically be sent to NEST.

How Much Should I Invest?

Saving a little bit every month from your paycheck is a great way to save for college. The chart below illustrates how your account could grow with a contribution of \$150 each month and a 7% annual investment return.*

*Chart assumes an annual investment return of 7% and monthly contribution of \$150 per month on the first day of each month. This hypothetical is for illustrative purposes only. It does not reflect an actual investment in any particular college savings plan or in the NEST Direct Plan or any taxes payable upon withdrawal.

Things to Know

- Allow 10 days from when an account was established before you begin payroll direct deposit
- If the instructions from your employer contain an invalid account number, are not coded for checking, or are not recognized or closed, the ACH will be rejected
- If your employer does not process payroll in a timely manner or accurately, any loss will be the responsibility of your employer working with the employee

An investor should consider the Plan's investment objectives, risks, charges and expenses before investing. The Program Disclosure Statement, available at [NEST529.com](https://www.nest529.com), should be read carefully.

Investors should consider before investing whether their or their beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in such state's qualified tuition program and should consult their tax advisor, attorney and/or other advisor regarding their specific legal, investment or tax situation.

Participation in the Plan does not guarantee that contributions and the investment return on contributions, if any, will be adequate to cover future tuition and other higher education expenses, or that a beneficiary will be admitted to or permitted to continue to attend an eligible educational institution.
