- 3 **Pay low fees.** Pick from a broad range of low-fee portfolios managed by J.P. Morgan.
- 4 **Take charge.** Choose investments, change beneficiaries, and more with little to no impact on financial aid.
- 5 **Reduce your taxable estate.** Make five times larger tax-free gifts than with other accounts.

Investment growth over 18 years

Source: J.P. Morgan Asset Management. Illustration assumes an initial \$10,000 investment and monthly investments of \$500 for 18 years. Chart also assumes an annual investment return of 6%, compounded monthly, and a federal tax rate of 32%. Investment losses could affect the relative tax-deferred investing advantage. This hypothetical illustration is not indicative of any specific investment and does not reflect the impact of fees or expenses.

Taxable account

Because your Plan account isn't taxed each year, it has the potential to **grow faster than taxable investments** earning the exact same returns.

Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. These figures do not reflect any management fees or expenses that would be paid by a 529 plan participant. Such costs would lower performance. This chart is shown for illustrative purposes only. Past performance is no guarantee of future results.
