INITIALS I certify under penalties of perjury that the applicable diagnostic code [i.e., Codes 1-7] provided above is accurate.

Basis under which ABLE eligibility is asserted: (Select only one)

- The Account Owner is receiving SSDI (Social Security Disability Insurance) based on a disability.
- The Account Owner is receiving or is entitled to SSI (Supplemental Security Income) based on a disability.
- The Account Owner's disability is identified on the Social Security Administration's List of Compassionate Allowances Conditions (see ssa.gov/compassionateallowances). The disability causes marked and severe functional limitations.
- A doctor diagnosed the Account Owner with a physical or mental disability. The disability causes marked and severe functional limitations. It is expected to last for more than 12 months, or is a terminal condition. I keep a copy of the diagnosis. It is signed by a physician who meets the criteria of Section 1861(r)(1) of the Social Security Act and includes the physician's name and address, as well as the date of the diagnosis. Please **DO NOT** submit your written disability-related diagnosis, only check this box and keep your diagnosis documentation with you.

Note: For purposes of this section, marked and severe functional limitations means the standard of disability in the Social Security Act for children claiming SSI benefits, but without regard to age or whether the Account Owner engages in substantial gainful activity. Specifically this is a level or severity that meets, medically equals, or functionally equals the severity of any listing in appendix 1 of subpart P of 20 CFR part 404. See 20 CFR 416.906, 416.926a. Refer to the Plan Disclosure Booklet for a full description.

INITIALS I certify under penalties of perjury that the Account Owner is blind (within the meaning of section 1614(a)(2) of the Social Security Act) or has a medically determinable physical or mental impairment that results in marked and severe functional limitations (as that phrase is defined in §1.529A-2(e)(2) of the Tax Regulations) and that either can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. I further certify under penalties of perjury that the Account Owner's blindness or disability occurred before the Account Owner attained age 26.

If I selected above that the basis for the Account Owner's eligibility is based on SSI or SSDI benefits, I certify, under penalties of perjury that the Account Owner: (1) is entitled to benefits under Title II or XVI of the Social Security Act based on blindness or disability; (2) has received a benefit verification letter from the Social Security Administration; and (3) agrees to retain and provide the letter (or a genuine copy of the letter or other evidence) to the Plan, the Plan Administrator, the IRS, or the U.S. Treasury Department if requested.

If I selected above that the basis for the Account Owner's eligibility is based on having a condition on the List of Compassionate Allowances Conditions maintained by the Social Security Administration, I certify, under penalties of perjury that: (1) I have identified the Account Owner's condition on the List of Compassionate Allowances Conditions, and (2) the condition was present and produced marked and severe functional limitations before the Account Owner attained age 26.

If I selected above that the basis for the Account Owner's eligibility is a diagnosis by a physician, I certify, under penalties of perjury that I have obtained and will continue to retain a copy of the written diagnosis of the Account Owner's blindness or disability, signed by a physician meeting the criteria of 1861(r)(1) of the Social Security Act (42 U.S.C. 1395x(r)), which includes the name and address of the diagnosing physician and the date of the diagnosis, and I will retain and provide a copy of the diagnosis and related information to the Plan upon request.

I certify under penalties of perjury that I will promptly notify the Plan if changes in the Account Owner's condition would result in the Account Owner no longer qualifying as an Eligible Individual.
