

## 2. Current Investment Option change

- For each current Investment Option you wish to change, indicate the percentage of assets you want moved and where you want the assets invested.
- See the Plan Disclosure Booklet and the Plan website [mi.savewithable.com](http://mi.savewithable.com), for complete information on Investment Options.
- Your total Investment Option percentages in the "Exchange TO" column below must equal 100%. If the percentages do not equal 100%, your current allocation will remain the same.
- Exchanges to or from the Checking Account Option require two business days to be completed.
- Complete **Section 4** if the Checking Account Option is selected and the Account does not currently invest, or has not previously invested, in the Checking Account Option. **Important Note for Entities: Entities may not select the Checking Account Option unless they are opening the Account as agent under a power of attorney designated by an Account Owner with Legal Capacity.**

**Remember:** Internal Revenue Code Section 529A allows Account Owners to make up to two Investment Option changes each calendar year.

**Note:** This change applies only to the assets currently held in your Account; it will not affect the allocation of future contributions.
