- The Account Owner is receiving SSDI (Social Security Disability Insurance) based on a disability.
- The Account Owner is receiving or is entitled to receive SSI (Supplemental Security Income) based on a disability.
- The Account Owner's disability is identified on the Social Security Administration's List of Compassionate Allowances Conditions (see ssa.gov/compassionate-allowances). The disability causes marked and severe functional limitations.
- A doctor diagnosed the Account Owner with a physical or mental disability. The disability causes marked and severe functional limitations. It is expected to last for more than 12 months, or is a terminal condition. I will keep a copy of the diagnosis that is signed by a physician who meets the criteria of Section 1861(r)(1) of the Social Security Act and includes the physician's name and address, as well as the date of the diagnosis. Please **DO NOT** submit your written disability-related diagnosis, only check this box and keep your diagnosis documentation with you.

Note: For purposes of ABLE eligibility, marked and severe functional limitations means the standard of disability in the Social Security Act for children claiming SSI benefits, but without regard to age or whether the Account Owner engages in substantial gainful activity. Specifically, this is a level of severity that meets, medically equals, or functionally equals the severity of any listing in appendix 1 of subpart P of 20 CFR part 404. See 20 CFR 416.906, 416.926a. Refer to the Plan Disclosure Booklet for a full description.

I further certify under penalties of perjury that the Account Owner's blindness or disability occurred before the Account Owner attained age 26.
