

Ascensus College Savings Notice of Business Continuity Plans

At Ascensus College Savings, we know how much our 529 Plan participants rely on our systems and services. We also recognize that business disruptions of varying scope can and do occur. Ascensus College Savings wants you to know that we have plans in place designed to safeguard your assets and protect vital account information in the event of a business disruption.

Ascensus College Savings and its affiliated companies have developed plans to recover from situations including, but not limited to, facilities failures that may cause business interruption. These plans are designed to account for interruptions of varying length and scope and require that Ascensus College Savings is able to recover mission-critical functions according to their time criticality. In order to maintain secure and effective plans, Ascensus College Savings does not provide the specific details in this notice, but you should be aware that Ascensus College Savings' corporate disaster recovery planning includes the following:

1. Identification of all mission critical systems and backup facilities and arrangements
2. Setup of alternate communication channels between Ascensus College Savings and its customer and business partners
3. Alternate physical site location and preparedness
4. An ongoing review of financial and operational risks
5. Employee safety strategies and communications

Ascensus College Savings mitigates risks to reduce the potential impact on customer service. In addition to following the guidelines stated above, Ascensus College Savings' recovery plans also include the following:

Designated Contingency Sites — Ascensus College Savings maintains designated contingency sites to provide for the backup and recovery of data, maintenance of mission critical applications, and business resumption activities for key business personnel and critical business functions.

Notification to Clients — Procedures for notifying 529 Plan Participants have been established for Ascensus College Savings associates to follow in the event of an outage. Notification will include information regarding length of outage, instructions for contacting Ascensus College Savings, and support information (e.g., where to send faxes, and issues pertaining to data transmissions and communications).

Access to Your Funds — A site outage should not impact your ability to access your investments, as Ascensus College Savings' business continuity plans are designed to facilitate sustained service. However, your ability to trade securities may be impacted by market events outside of Ascensus College Savings' control, such as when the markets were closed following the September 11, 2001, tragedy. Our business continuity plans are designed to ensure necessary personnel are available to assist with transactions.

Please note that Ascensus College Savings' business continuity plans are reviewed as necessary, and at least annually, to ensure they account for technology, business, and regulatory changes, operations, structure, or location. The plans are subject to change, and material changes will be reflected in an updated "Notice of Business Continuity Plans" that will be posted on our website, www.ascensuscollegesavings.com. You may obtain a current written copy of this notice by contacting an Ascensus College Savings representative or by visiting our website at www.ascensuscollegesavings.com.
